

Using Faith to enter Grace! Romans 5:2

I will enter into things that work for me without me working for them! I will enter into the place of fruitfulness and abundance! I will not just view the increase of others and hope for the same, but I will participate in the same level of increase!

Grace will remove temporal and dimensional hindrances and opposition!

Everyone, including me, will see and be amazed at the level of Grace I walk in! Because Grace is amazing!

Therefore, people will seek for me to work with them! I don't currently know some of them, but they will hear about me through others!

I will bring others into the Grace zone, and they, too, will experience blessings!

By speaking in the way, Zerubbabel talked to the mountain, and it became level to the ground!

Therefore, I will Proclaim Grace, Grace unto life issues, and they will be solved and restored!

Zechariah 4:7

Jesus, my Lord and Savior, is my Grace; through Him, I live, I move, I have my being! Amen!
