

WE decree that Bethel Outreach International **Ekklesia** is increasing and will continue to increase financially!

WE put every evil work and hindering spirit on notice that they must leave and must never interfere with our financial increase again.

Because of this, WE call financial prosperity from every corner of the heavenly and universal treasures into our hands!

WE decree that those who have been blessed by our Assembly and the messages coming from the Assembly will not just listen and receive, but participate with us in our increase.

WE decree that the body will take responsibility for the Assembly through their **Presence**, **Prayer** and **Patronage**.

WE decree the blessings from heaven to overflow our lives so that we will have more than enough for the Assembly and Community.

WE decree a one accord (homothymadon) unified front that can't be breached by hell or people who have their own agenda.

WE decree the new people reached through our media platforms will decide to join our Assembly or online campus!

WE decree this is a New Day and we are not under the power of any evil or natural force!

WE declare these decrees under the authority (Exousia) of the Lord Jesus Christ!

Amen!
