

The Onyx Stones Network

“The Onyx Stones Network is a divine structure of believers who carry one another in prayer while covering the lost. As each believer builds their triangle, the burden is shared, the reach is multiplied, and the earth is saturated with intercession.”

Another important aspect of the Breastplate is the connection to the Onyx Stones. The Onyx Stones were placed on Aaron's shoulders, with 6 tribes engraved on each stone.

The shoulders are different from the heart; it is the place to carry the load. Therefore, we have designed the Onyx Stones to connect through prayer and fellowship.

Here is how it works.

A believer asks two other believers to pray for them to remain faithful to their assignment.

When they agree, now there is a triangle of three. The person asking shares their need and prayer request with the two people who agreed.

If these two people don't have a Breastplate, they share the principle, and they are encouraged to ask God for the people He wants them to pray to be released from a sinful way of living.

Now, in this triangle of three, 36 people are being prayed for daily.

The increase and the actual movement occur when the two people who asked also ask two people to pray for them.

Moving from 3 to 7 people in the triangle. In an instant, 84 lost souls are being prayed for in this small group of believers.

One more level down, there will be 15 people in the group praying for 180 souls!

You can actually start your own prayer movement, covering each other and seeing lives changed as you trust in God.

◆ THE ONYX STONES NETWORK SYSTEM

“Carrying One Another. Covering the Lost.”

🗨️ 1. Name your network (Identity Creates Ownership)

Each group of three is officially called: An **“Onyx Stone Triangle.”**

But you can call your triangle whatever you and your partners agree upon.

This gives people:

- Identity
- Belonging
- Language to share

▲ 2. Structure of an Onyx Stone Triangle

Every triangle includes:

- **1 Initiator (the one who asked)**
- **2 Covering Partners**

Together they form:

👉 **A Triangle of Accountability + Prayer**

Each person:

- Has **their own 12 (Breastplate list)**
- Helps carry the “weight” spiritually
- This must be a safe place to share needs and concerns
